

## Last Chance to Register: Free September 12th NCFP Webinar

Youth Philanthropy Connect is partnering with the National Center for Family Philanthropy to bring you a webinar, "Igniting the Spark: Effective Next Generation Boards" this **Thursday, September 12, 2:30 p.m. EST!**

For many families, it is important that the next generation not only gives but gives as part of the family. This Family Philanthropy Webinar introduces an increasingly popular method for preparing the next generation for philanthropic service: the next generation or junior board. The webinar will introduce the variety of purposes for establishing next generation boards, steps for creating a next generation board, and a description of how they can be structured. We will also share examples of families that are using next generation boards as a tool for engaging younger family members, and perspectives of younger family members being trained in this way for governance and grantmaking.

NCFP is offering registration **FREE OF CHARGE** to members of the YPC Network! If you would like to join us, please register as our special guest [here](#) and for more information about the webinar, click [here!](#)
